

Features

- Compact and easy to use
- Powerful 2-stroke, with a 267 rpm spindle speed
- Quiet 4-stroke, with a 267 rpm spindle speed
- Lightweight – 13 kg
- A range of interchangeable templates to suit all common rail profiles
- Uses industry standard drill cutters

The SBM-V range of petrol/gasoline rail drills are designed for smooth, reliable and powerful drilling operation. Now also available as a 4-stroke machine for quieter operation and ease of use, eliminating the need to premix fuel. The machines can take a range of drill sizes from signalling bond hole applications to fishbolt hole size. A wide range of accessories are available: clamping units, drill cutters, along with rail profile and special application templates.

Drilling Machine Petrol Powered

Part Code	Part Number	Part Description	Fuel	Weight	Drill hole - Ø	
					inch	mm
SBM-VS 267	715685	Rail Drilling Machine; 2-stroke; 267 rpm	Mix 1:25	28 lbs / 13 kg	9/32" - 1-3/8"	7 - 36
SBM-V4	715412	Rail Drilling Machine; quiet 4-stroke; 267 rpm	no mix	28 lbs / 13 kg	9/32" - 1-3/8"	7 - 36

NOTE: When ordering a machine, you must also order a template adapted to the appropriate rail profile.
