SECTION 1: IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

Product identifier
Product name: Quickfill
CAS-No.: 64743-05-1

Relevant identified uses of the substance or mixture and uses advised against
Application: Ground Enhancing Material

Details of the supplier of the safety data sheet
Manufacturer nVent/ERICO
ERICO International Corporation
34600 Solon Road
Solon, Ohio 44139
Tel: (440) 248-0100

Further information can be obtained from:
Emergency telephone number
Emergency telephone: Chemtel
1-800-255-3924 USA
+01-813-248-0585 International

SECTION 2: HAZARDS IDENTIFICATION

Classification of the substance or mixture
OSHA 2012: The product is not classified.

Label elements
The substance/mixture does not meet the criteria for classification and labeling.

Other hazards
Other: Dust may irritate the eyes and the respiratory system. Frequent inhalation of dust over a long period increases the risk of developing lung diseases.

SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

Substances

**SECTION 4: FIRST AID MEASURES**

**Description of first aid measures**

**Inhalation:** Dust inhalation: Move into fresh air and keep at rest. In case of persistent throat irritation or coughing: Seek medical attention and bring these instructions.

**Skin contact:** Remove contaminated clothes and rinse skin thoroughly with water.

**Eye contact:** Dust in the eyes: Do not rub eye. Immediately flush with plenty of water for at least 15 minutes. Remove any contact lenses and open eyelids widely. If irritation persists: Seek medical attention and bring along these instructions.

**Ingestion:** Do not induce vomiting. Immediately rinse mouth and drink plenty of water. Keep person under observation. If person becomes uncomfortable, seek hospital and bring these instructions.

**Most important symptoms and effects, both acute and delayed**

**Symptoms/effects:** Dust in the eyes will cause irritation. See section 11 for more detailed information on health effects and symptoms.

**Indication of any immediate medical attention and special treatment needed**

**Medical attention/treatments:** Treat symptomatically.

**SECTION 5: FIREFIGHTING MEASURES**

**Extinguishing media**

**Extinguishing media:** Use fire-extinguishing media appropriate for surrounding materials.

**Extinguishing media that are not suitable:** No specific precautions.

**Special hazards arising from the substance or mixture**

**Specific hazards:** No specific precautions.

**Advice for firefighters**

**Protective equipment for firefighters:** Selection of respiratory protection for firefighting: follow the general fire precautions indicated in the workplace.

**SECTION 6: ACCIDENTAL RELEASE MEASURES**

**Personal precautions, protective equipment and emergency procedures**

**Personal precautions:** Follow precautions for safe handling described in this safety data sheet. Avoid inhalation of dust. Avoid contact with skin and eyes.

**Environmental precautions**

**Environmental precautions:** Spill and releases of this material to navigable water in sufficient amounts that cause sludge or emulsion under the water must be reported immediately to the National Response Center (800/424-8802), as required by U.S. Federal Law.

**Methods and material for containment and cleaning up**

**Spill Cleanup Methods:** Collect powder using special dust vacuum cleaner with particle filter or carefully sweep into closed container.

**Reference to other sections**

**References:** For personal protection, see section 8. For waste disposal, see section 13.
SECTION 7: HANDLING AND STORAGE

Precautions for safe handling

Safe handling advice: Avoid inhalation of dust and contact with skin and eyes. Observe good chemical hygiene practices.

Technical measures: Use work methods that minimize dust production.

Technical precautions: During indoor dust-raising work: Local exhaust is recommended.

Conditions for safe storage, including any incompatibilities

Storage conditions: Store in closed original container in a dry place.

Specific end use(s): No information available.

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

Control parameters

Occupational exposure limits:

<table>

Notes: ACGIH: Threshold Limit Values 2016 (ACGIH).
NIOSH: NIOSH Pocket Guide to Chemical Hazards (September 2007).
OSHA: Occupational Safety and Health Standards, Air contaminants (amendments 2006).

Exposure controls

Engineering measures: If working indoors, keep area well ventilated to minimize exposure to dust.

Personal protection: Personal protection equipment should be chosen according to the ANSI standards and in discussion with the supplier of the personal protective equipment.

Respiratory equipment: In case of inadequate ventilation or risk of inhalation of dust, use suitable respiratory equipment with particle filter.

Hand protection: No specific hand protection noted, but gloves may still be advisable.

Eye protection: Avoid eye contact with this material. Wear safety glasses or chemical goggles.

Provide an eyewash station in the work area. Do not wear contact lenses when working with this substance.

Hygiene measures: Wash hands after handling. Change contaminated clothing.
SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Other information

Other data: Not available.

SECTION 10: STABILITY AND REACTIVITY

Reactivity

Reactivity: Not reactive.

Chemical stability

Stability: Stable under normal temperature conditions.

Possibility of hazardous reactions

Hazardous Reactions: None known.

Conditions to avoid

Conditions/materials to avoid: Avoid strong oxidizers. This condition is aggravated when the material is heated.

Incompatible materials

Incompatible materials: None known.
Hazardous decomposition products

Hazardous decomposition products: None under normal conditions

SECTION 11: TOXICOLOGICAL INFORMATION

Information on toxicological effects

</tbody>
</table>
### SECTION 12: ECOLOGICAL INFORMATION

**Toxicity**

Ecotoxicity: Not classified as dangerous to the environment.

Expected LC/EC50 value: >100 mg/l

**Persistence and degradability**

Degradability: The product solely consists of inorganic compounds that are not biodegradable.

**Bioaccumulative potential**

Bioaccumulative potential: Will not bio-accumulate.

**Mobility in soil**

Mobility: Low, due to low water solubility.

**Results of PBT and vPvB assessment**

PBT/vPvB: This product does not contain any PBT or vPvB substances.

**Other adverse effects**

Other adverse effects: None known.

---

### SECTION 13: DISPOSAL CONSIDERATIONS

**Waste treatment methods**

Dispose of waste and residues in accordance with local authority requirements.

---

### SECTION 14: TRANSPORT INFORMATION

The product is not covered by international regulation on the transport of dangerous goods (IMDG, IATA, DOT).

**UN number**

UN-No: -

**UN proper shipping name**

Proper Shipping Name: -

**Transport hazard class(es)**

Class: -

**Packing group**

PG: -

**Environmental hazards**

Marine pollutant: -

Environmentally Hazardous substance: -

**Special precautions for user**

Special precautions: -

**Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code**

Transport in bulk: -
SECTION 15: REGULATORY INFORMATION

Safety, health and environmental regulations/legislation specific for the substance or mixture

Special provisions: State and local regulation may apply.

- TSCA: The ingredients of this product are on the TSCA Inventory.
- SARA Section 302: No
- SARA (311/312) Hazard categories: No.
- SARA Section 313: No

NFPA Rating: Health:0  Fire:0  Reactivity:0 Other:-

National regulation:
- NIOSH Pocket Guide to Chemical Hazards.

SECTION 16: OTHER INFORMATION

The user must be instructed in the proper work procedure and be familiar with the contents of these instructions.

Abbreviations and acronyms used in the safety data sheet:
- PBT = Persistent, Bioaccumulative and Toxic.
- vPvB = very Persistent and very Bioaccumulative.

The information on this data sheet represents our current data and is reliable provided that the product is used under the prescribed conditions and in accordance with the application specified on the packaging and/or in the technical guidance literature. Any other use of the product which involves using the product in combination with any other product or any other process is the responsibility of the user.
