

Snap to Stud Electrical Box Bracket – STS2346

- Snap to stud function makes installation fast and easy, saving time and increasing productivity
- Self-leveling feature ensures the electrical box is always square to the stud, for a consistent and professional installation
- Mounts to either side of the stud and can be mounted side by side on the same stud
- Accommodates all stud depths, simplifying purchasing and pre-fab operations
- Works with standard or adjustable single and double gang mud rings
- Rigid design delivers consistency and quality during the trim out phase, helping reduce call backs and costly repairs
- Additional mounting tabs allow the bracket to be secured to the front and inside face of the stud for extra stability
- Unique fold-out tabs eliminate the need to use scrap pieces of floor track to provide rigidity when mounting to the open face of studs
- Specially shaped key holes help keep the box assembled even when the mud ring is removed, providing greater access to the box in the field
